Our program of product improvement makes it necessary for new or improved models to be submitted for testing by these various agencies as they are developed. Therefore, not all models bear the appropriate agency approval or certification at all times. Quotations are submitted on this basis. All orders are accepted on this basis.

Freight Classifications	Rate classifications are subject to change without notice. Whenever possible, Legion will ship using the most economical commodity rate. Special configurations or non-standard crating (ex., oversized crate) may affect the classification.
